

Alan Dick Engineering Ltd

Environmental Policy Statement

Alan Dick Engineering Ltd has made a commitment to minimise the effects of its activities involved in the manufacture and installation of engineering components on the environment.

It will work towards:

- *Ensuring that all relevant environmental legislation and regulation is applied*
- *Reducing energy use by increased energy efficiency*
- *Purchasing material from sustainable sources*
- *Using raw materials in a manner that reduces waste*
- *Re-using or recycling packaging where possible*
- *Recycling steel where possible*
- *Purchasing environmentally friendly materials when appropriate*
- *Operating the business in an environmentally sensitive manner*
- *Raising staff awareness*

The Company Director gives full backing to this policy and will support all those who endeavour to carry it out.
